

Emergency Ultrasound

HOCUS-POCUS

Hands-On Course of UltraSound - Point Of Care UltraSound

HOCUS POCUS PROGRAM

Point of care ultrasound is a modern way to look at your patient. With point of care ultrasound, the clinician can have practical answers to relevant clinical problems. It's a swiss-army knife that enables you to be a step further of what's going on inside your patient.

This Hands-on Course is addressed to Acute Care Surgeons (max 12) **with at least basic experience in US (E-FAST providers only)**

Methods: Frontal lessons with US videos, hands-on session on live models

Venue: San Gerardo Hospital, Via Pergolesi 33, Monza (*local coordinator L. Fattori*)

Registration Fee:

€ 150,00 (VAT excluded).

Pay to: "Associazione Formazione Trauma"
